## Philosophy in Class 3

During the week Class 3 joined Ms Irene in a philosophy lesson. The class explored the use of open ended

questions to refine their thinking about ideas that people are talking about.

The 'Question Quadrant' used to refine thinking about the recent news that scientists are engineering apples that will never go brown. The class used the question quadrant to have a conversation about whether we should ever tamper with nature! Very encouraging!

## Special points of interest:

### School Uniforms

Students are required to wear school uniform at all times and especially when on community access and excursions

### SWIMMING

Students have commenced the special swimming scheme. Well done on a wet day... we are grateful for indoor pools! The

scheme will run daily for the next 9 days .

### Voluntary contributions for Term 4

Contributions of \$50 a term can be made via the school website or via the front office

## SENIOR GRADUATION

This year our year 12 students will be celebrating their Graduation over lunch at Mortdale RSL on 7 December. Thanks Julie C and Shalah for your help with this event.

## T-VET Courses

Some of our senior students will be attending interviews for 2018 T-Vet courses. T-Vet courses are designed for senior students and are delivered offsite at Tafe campuses.

The courses are designed to industry based standards. Tafe has invited some of our students for interviews for the Landcare, Photography and Animal Care courses. We wish them success.
