

## TERM 3 Week 3 2021

### Learning From Home

A huge thank you for the effort you are putting into your learning. Thank you parents and carers for getting your students into TEAMS for their LEARNING meetings with their teachers. Thank you staff for the work you have been doing to set up engaging learning from home lessons.

Please take time during your day to get away from the screen and be active. Keep it up.

### Lockdown LGAS

Carinya is in a lockdown LGA of Georges River. Only staff from the LGA should be on the school site. This may make it difficult to contact the class teacher. Please bear with us as child's teacher may not be on site. Where possible please use TEAMS or email to contact your child's teacher.

You can call the school during business hours and we will get your message to the staff you need to contact.

### READING ROOMS

The reading rooms are a place where teachers can help your child practice their reading. Students have scheduled times for practice. If you have any queries about this please contact your class teacher.

### MAILING OUT — CARE PACKS

For those students who are receiving work packs in the post the school will be mailing out these packs each Thursday. Please bear with us as the delivery to your area may be impacted by the huge demand on Australia Post. This week you all should have received care packages for parents and certificates for students. Thank you staff for organising these.

### CLASS 1

It is lovely to see Class 1 working hard at home. Well done to Alex for sending in this picture this week. Alex has been busy getting all his home learning completed with the help of his sister. It is also lovely to hear updates from parents about what is being achieved at home. Well done to everyone. Keep up the good work. We miss you all very much.

Miss Keli and I would also like to wish Ryan Coulstock a big HAPPY BIRTHDAY!!

### CLASS 2

The class has been trying their best to be online and continue their learning. Well done for all who have been making great efforts in their reading. Mr Chris

### CLASS 3

It is great to see students persevering into a third week with their online learning or learning from home. Students have become familiar with their routine. A big thank you to parents and carers for guiding their child or children in their care through their work at home. Zach and Aiden – keep catching up with staff and students on Teams as you are currently doing. Also well done to both of you for accessing the reading rooms with Arshia, Luke, Taylor, Claudia and Keli. Toa and Ejay are again encouraged to catch up with their classmates and staff by joining them on Teams each morning. Devan and Claudia

## TERM 3 Week 3 2021

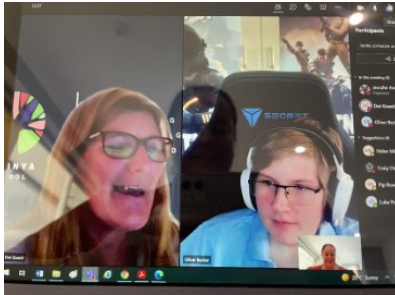

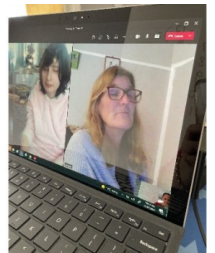

### CLASS 4

Well done all of Class 4 for the huge effort they have been making to stay focussed on learning. Thank you class for taking time to "reset" or take a break and then come back to the class online refreshed and ready for learning. The class have been trying their best. Well done all on your exercise breaks. Ms Shona and Stine

### CLASS 6

Class 6 are continuing to amaze me with their persistence and quality of work through online learning. Each student is confident to ask for help and take on lessons with Dot and I to help them answer questions to further their education. Today we had a Food Tech lesson with Pip and it was lovely to see the engagement of Oliver when Pip was taking. Lisa has been engaging so well in the reading rooms and asking to read more to us showing her growing confidence in online work. Keep up the great effort Class 6. Mrs Jennifer, Ms Dot & Mr Luke

### CLASS 7

Hi everyone!

I hope you are all well. It has been a difficult time adjusting to work online for most of us, so I really appreciate the efforts of my students who turn up to our lessons on Teams every morning. They are doing their best to keep up with their English and Maths work, as well as doing some exercise, meditation and some Wellbeing activities. I really look forward to our face to face chats.

We have been reading 'Fortunately the Milk' by Neil Gaiman via YouTube. It is a bit of a crazy story with fantasy and time travel elements, but Patrick, Megan and Ren are doing their best to keep up with it. Well done class 7.

Take care & have a great weekend,

Michelle

### CLASS 8

It has been great this week to see Zac regularly in our team meeting and team lessons. Well done Zac! Great work Jamie on doing some Distance Ed this week and Connor for your hard work in IPT. Ally received some great feedback and encouragement on her book from her DE teacher. Rowan, you continue to amaze us with your commitment to learning and with your knowledge of the Olympics (during lessons?) In Science we have been learning about electric cars and batteries.

#### Some brain teasers:

Q1. Guess how many individual battery cells are in a Tesla? A. 1000 B. 3000 C. 7000.

Q2. Does an electric car have a radiator (or cooling system) if it doesn't have an engine? Yes/No

Q3. Can you make a torch (that works) using a paper towel roll, 4 D size batteries, some wire, a globe and a switch?

In Geography we have been learning about Australia's Global relationships and we had a diversion in our lesson this week to discuss the Olympics.

#### Some more questions:

Q1: If you went to the Olympics, what sport would you like to WATCH?

Q2: If you went to the Olympics, what sport would you like to COMPETE in?

Q3: What sport do you think is the hardest? Easiest?

In PDHPE we have been learning about sexuality, factors that influences it and their different types like heterosexual etc. They have been learning on how to be positive, respectful and to negotiate assertively with their partners. Students have also been learning about the what, when and where to get sexual health checks so as to keep themselves and their partners safe. Thanks Arshia.

In English, we have been learning about persuasive texts to help us argue a point of view so as to convince the reader to agree with us. Students have been learning about the various features like writing in present tense, modal verbs and using various persuasive devices like alliteration, emotive language, facts and statistics to make their writing more noticeable so as to draw in the readers. Thanks Arshia.

Well done Class 8 and keep communicating!
